1. Indiana Michigan Power Company

The Utility has submitted for Commission review and approval, under the Commission's 30-day filing procedure, proposed revisions to Tariffs O.L. (Outdoor Lighting), T.O.L. (Timed Outdoor Lighting), S.L.S. (Streetlighting Service), E.C.L.S. (Energy Conservation Lighting Service), and S.L.C. (Streetlighting – Customer-Owned System).

The proposed revisions to the utility's tariffs provide that to the extent the utility has the necessary materials; the utility will continue to maintain existing mercury vapor lamp installations.

No changes are proposed in the rates for any luminaries included in Tariffs O.L., T.O.L., S.L.S., E.C.L.S., and S.L.C.
